

MUHAMMAD ANDHIKA FAHREZZY

DATA ANALYST

Depok, West Java, Indonesia | +62 851-5686-8434 | muhammadandhikafahrezzy@gmail.com | [LinkedIn](#)
| [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Bachelor of Information Systems graduate (GPA: 3.74/4.00) passionate about uncovering data patterns and translating them into strategic business decisions. Experienced in managing operational business data and building end-to-end predictive machine learning models spanning data cleaning, EDA, feature engineering, and data visualization using Python, SQL, and Tableau. Adept at delivering comprehensive projects, from inventory demand forecasting to deploying interactive Streamlit dashboards. Ready to leverage strong analytical skills to drive impactful insights as a Data Analyst.

WORK EXPERIENCE

Kopkar PT Astra Honda Motor

Jakarta Utara, Indonesia

IT Support & Business Data Warehouse Intern

Mar 2024 - Oct 2024

- Analyzed cooperative performance trends (2023–2024), extracting actionable insights for management through data visualizations and operational reports.
- Managed transactional databases (loans, POs, inventory, sales) and conducted physical-to-system stock reconciliations, significantly improving inventory data accuracy.
- Supported end-to-end procurement workflows, synchronizing store needs with backend replenishment systems.

CV Solusi Mixel Consultama

Jakarta, Indonesia

Data Entry & Tax Data Analyst Intern

Dec 2023 - Mar 2024

- Inputted and managed large volumes of tax transaction records into internal databases with high precision, maintaining strict data integrity.
- Analyzed and reconciled financial datasets using advanced Excel (VLOOKUP, Pivot Tables) to verify tax compliance and detect calculation anomalies.

PT Kanaya Multi Karya

Bekasi, Indonesia

Graphic Design Intern

Mar 2020 - Jul 2020

- Designed over 40 digital posters for company website branding, aligning visual concepts with industry trends and corporate standards.

EDUCATION HISTORY

Universitas Negeri Surabaya

Surabaya, Indonesia

Bachelor of Information Systems - GPA: 3.74 / 4.00

Aug 2021 - Jul 2026

- Relevant Coursework: Database Systems, Probability & Statistics, Data Mining, Enterprise Resource Planning (ERP), and Information Systems Strategy.

PROJECT EXPERIENCE

Product Demand Forecasting for Cooperative XYZ

Surabaya, Indonesia

Undergraduate Thesis Project | Data Analyst

Aug 2025 - Jul 2026

- Analyzed daily sales data across 4 product categories to resolve inventory planning inaccuracies causing overstocking and understocking.
- Engineered 37 time-series features (lags, rolling stats) and built gradient boosting models (XGBoost vs. LightGBM) via Grid Search CV, achieving a MAPE of 9.72%.
- Deployed an interactive Streamlit web dashboard to automate actionable restocking recommendations.

Dagangan Rural Distribution Strategy

Jakarta, Indonesia

Bitlabs Case Study Project (Top 10 Best Project) |

Oct 2024 - Dec 2024

Data Analyst

- Analyzed granular transaction logs and customer behavior in rural areas to address low digital adoption rates and reliance on field agents.
- Developed customer segmentation profiles and salesperson routing models using Python, SQL, and Tableau to design a cost-effective distribution strategy.

Odoo ERP Web - BGL Ban

Surabaya, Indonesia

Team Project | Data & System Analyst

Jun 2023 - Aug 2023

- Collaborated cross-functionally to map data workflows and draft functional specifications for Odoo ERP implementation.

UI/UX & Web Interface Design (Teknopolis & Unesa Health Care)

Surabaya, Indonesia

UI/UX Designer

Feb 2023 - Dec 2023

- Designed user flows, wireframes, and high-fidelity prototypes in Figma for the Teknopolis platform and Unesa Health Care portal.

TRAINING & CERTIFICATIONS

- **Bitlabs** - Independent Study Kampus Merdeka Batch 7: Data Analytics for Business (Aug 2024 - Dec 2024)
- **DQLab** - DQ Learning Class: Data Analyst Project - Business (Sep 2026)
- **Karirnex** - Intensive Bootcamp 2 Weeks: Microsoft Excel (Oct 2025)
- **MySkill** - Short Class: Looker Data Studio (Dec 2023)

SKILLS & TOOLS

Languages & Databases: Python, SQL (MySQL), BigQuery

Analytics & Visualization: Pandas, Data Cleaning, Exploratory Data Analysis (EDA), Feature Engineering, Tableau, Looker Studio, Streamlit

Machine Learning: XGBoost, LightGBM, Time-Series Forecasting, Cross-Validation

Soft Skills: Analytical & Creative Thinking, Problem Solving, Stakeholder Communication, Team Collaboration, Time Management

Tools & Others: Git/GitHub, Microsoft Office, Figma, Canva.

Languages: Indonesian , English
